

FOCUS ON YOUR BUSINESS, NOT BUREAUCRACY

- ✓ Easy to start and manage a company remotely
- ✓ Low-risk and cost-effective operations
- ✓ Minimal bureaucracy

"With **low bureaucracy, friendly administration, stability and well reputation** Estonia offers everything that is needed to **run and grow** my business without spending huge amounts of money and wasting time. Besides that, I have never thought that I will meet a lot of amazing, smart minded people that I met in the e-Residency community and Estonia."

Dawid Wiktor, CEO of Media Scope Group

"Our company establishes and fosters business relationships between global enterprises and CEE's technology providers. We appreciate the **e-residency environment** not only for **enabling fully digital operations** but also for **creating multiple opportunities** to network in-person, connect with digital innovators and exchange ideas through industry events and conferences."

Sylvia Hans, Co-founder of Izowize, technology consultancy

What is e-Residency?

E-Residency is a **digital identity issued by the government of Estonia** to foreign nationals. After signing up, e-residents receive a starter kit containing a digital identity card that allows them to:

-  Establish an **EU company 100% online**
-  Access a wide range of **e-services** such as digital signatures, online business banking, and online tax filing
-  **Remotely run a business** from anywhere in the world with minimal bureaucracy

Why apply for Estonian e-Residency?

E-Residency is supported by the EU and governed by the Republic of Estonia, which also offers a world class business environment.

- ✓ **Stable & trustworthy EU country** with **Nordic business culture**
- ✓ **#1 on the International Tax Competitiveness Index** (2022) – 0% corporate income tax on reinvested profits
- ✓ **#1 Digital Economy and Society Index**, EU Commission (2020) – a genuine digital society with 99% of public services online
- ✓ **Vibrant startup environment** with the **most unicorns per capita**

By 2023:
